# BEAT SUMMER LEARNING LOSS WITH MATHNASIUM

Enroll Now!! Summer is the perfect time to catch up or get ahead!!

## What Is the Summer Slide?

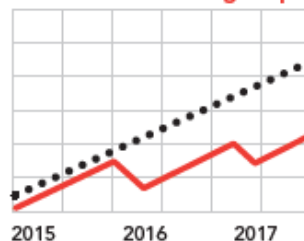

Summer slide is the loss of knowledge over summer vacation.

Summer learning loss in elementary school has been linked to consequences in later academic life, affecting whether students drop out of high school and whether they attend college.\*

Most children lose about two months of knowledge in mathematical computation skills during the summer months.

Summer Learning Gap

Learning loss during summer months has a cumulative effect.

Summer math programs can prevent learning loss and help students get ahead.

**Mathnasium Summer Workouts** will give your child the math skills needed to succeed in their upcoming school year. Whether it's a solid review of previous material or a preview of upcoming concepts, the customized program we build for your child will help them learn math in a way that makes sense to them. We guide students through an individualized learning plan and engage them in educational games so their **Mathnasium Summer Workouts are beneficial & fun!**
